Small World Annual Report 2003-2004

INTRODUCTION

Small World is now in its fourth year of operation and having relocated to a smaller space, we have concentrated on the work we do within the community and schools. This has continued to be a fundamental part of our work as we build up a presence and exposure and ensure we reach those most in need.

Small World has continued to have a strong ground level presence in Keighley, despite lack of premises and the struggle to continue based at the co-ordinators home. The good news is we secured funding from the Arts Council to allow us to find premises. Whilst this has proved harder than it sounds we continue to seek a building which fulfil Small World's needs. We have also secured funding for a part time worker which will provide community based development work.

With funding from the Arts Council & the Baring Foundation we have been working with different groups around Keighley to provide activities for young people with a fantastic summer project featuring young volunteers working alongside professional artists to create a performance with puppets large and small to the beat of the drummers.

Over 2003-2004 we have worked with

- 2832 YOUNG PEOPLE
- 15 LOCAL ARTISTS
- 11 LOCAL ORGANISATIONS
